Terms & Conditions of sale

Sale alongside a Specialist Collectors Fair for which there is an admission charge.

CATALOGUE DESCRIPTIONS:

As much care as is practicably possible is given to descriptions. However many items are of an age or nature precluding their being in pristine condition. We give serious consideration to any concerns brought to our attention but reserve the right to disagree. Any additional information is generally mentioned before bidding begins but it is often not possible to contact absentee bidders at this point.

We are always happy to answer questions before a sale (see box) but it is your responsibility to reassure yourself before purchase. Generally we will indicate our judgement of the lots quality and condition, giving due consideration to its age and rarity. For guidance purposes only the following terms are used to give a feel of this judgement.

Cleaned / Restored

The object has been subjected to some restoration. Typically with glass items surface may appear tumbled or dipped - to remove unsightly patina or chips, or restored with resin. A ceramic item may have had portions replaced or re-glued. We recommend you examine an item or telephone for AB's assessment of the extent of such. Catalogue descriptions may make reference to damage or restoration but omission of such does **NOT** imply a lot is free from defects, nor does a reference to a particular defect imply absence of others.

Good

We judge it to be a good example - displays well and minus overtly unsightly damage. An item that is not pristine and shows signs of use and age. This might include scratches, tears or surface faults.

Very Good

The item displays only minor evidence of wear, apparent only on close inspection. This might include inconsequential chips or flaws, some corrosion to metal parts, or minor damage in an unseen area (*the base or rear*).

Excellent/ A1

An item as near to possible pristine, taking into account its age. A bottle might for instance have base wear but full body sheen and strong embossing with no chips or cracks. Any time of manufacture flaws or patina of age in this instance would be deemed either part of the character, or not detracting.

BIDDING FOR SOMEONE ELSE?

If you intend to purchase items for another person it is important you obtain a SEPARATE bidding number.

IN SHORT

Many items are of an age/ nature precluding their being in pristine condition. Some catalogue descriptions may refer to damage/ & or restoration. Omission of such does not imply a lot is free from defects, nor does any reference to a particular defect imply the absence of others.

IMPORTANT:

No statement in this catalogue shall be deemed a warranty, representation or assumption of liability in respect of date, condition, size, quality, importance or provenance. The ultimate judge, and therefore onus, is with the buyer.

BIDDING

The highest bidder is deemed the purchaser.

Advances on each lot determined by the Auctioneer.

POSTAL BIDDING

Performed on behalf of absent buyers trying to buy items as cheaply as possible directly competing with other bids. No charge for this service.

POSTAL BID SHEETS

In the case of tied bids the first to arrive will secure. This can result in bidding the same price as someone else but **NOT** securing. It is in your best interest to return forms soon as possible. If you tel or fax bids through you **MUST ALSO** post off the bidding form, **even though it may arrive after the sale.**

ESTIMATES

Estimates are given purely as a guide. We attempt to take into account condition, rarity, & current market interests. Particular rarities, highly desirable, or unusual items can, and often do, exceed estimates.

TELEPHONE BIDDING

ONLY telephone bids STARTING at £100+ accepted. If estimate is below we EXPECT anyone requiring to bid this way to START no less than £100 - purely for staffing logistics.

RESERVES

'NR' indicates lots **with NO RESERVE**. Other lots may carry reserves but not always.

PAYMENT

Tel/ postal/ fax & floor bids are a strictly legally binding contract. Purchases must be paid for before taken away. All cheques to BBR Auctions. **Overdue accounts charged 3% after 21 days.**
